

Nominations for Officers and Stewards

Normally when nominating or being nominated for an Officer or Steward position UNISON requires 2 signatures from members supporting that nomination.

Whilst the UK is in the midst of the Coronavirus Pandemic, we understand that it may be difficult for members to actually meet to sign the nomination form.

For this year Aberdeenshire UNISON proposes that if a person wishes to be nominated for a post, they send their completed nomination form by email to members that would be willing to sign.

Those members can then indicate in an email back to the nominee that they are willing to sign, along with their membership number. This should be sent from the registered email address of that member on our UNISON system, to confirm their details.

Once the person seeking nomination has the required amount of signatures, they can forward on the completed nomination form and supporting emails to grampianresourcecentre@unison.co.uk where nominations will be checked in the usual way.
