**ESSENTIAL LEGAL COVER
WHEN YOU NEED IT MOST**

Every day, public service workers go above and beyond to support and protect our communities, but who makes sure when they need it that they are protected too?

UNISON – the public service union, and **Thompsons Solicitors** – the UK's leading trade union law firm.

At Thompsons we're proud to provide legal protection for UNISON members, who play such a valuable role in our society.

We understand the impact austerity, pay-cuts, long working-hours and poor working conditions is having on public service workers who despite all that are – day in, and day out – keeping us safe, educated, healthy and cared for.

Those workers who give so much deserve only the very best legal backing.

That's why we provide **free legal advice and protection** to the more than 1.3 million UNISON members across England, Scotland and Wales.
